

Living Here in Spirit

City Seminary | Fall 2017 | Mondays, 6:30-8:00pm

Course Overview:

We often treat the Holy Spirit like a silent partner in the Trinity. We believe he exists but often forget to relate to him. Alternatively, we can be tempted to simply use him for powerful things. But the Spirit is so much more!

The most meaningful, creative, satisfying life is lived *here in Spirit*. In contrast, modern living is often lived "there in Spirit," disconnected from God and dislocated from the present. This class is designed to help you join the Spirit in everything you do, from the culture you make to the God you worship. It will help you understand who the Spirit is, form habits of relating to the Spirit, and equip you to join him in renewing all things. This six-week course will cover the following six topics.
