

**Gospel-Centered Discipleship: Making the Gospel Central in Life**  
Jonathan K. Dodson | Spring 2019

**Class Purpose**

*GCD* is much more than a class. It's a way to make the gospel, community, and mission core to your life. Jesus took 12 people and changed the world. What would it look like for you to take what you have learned from Jesus and change another life?

In this class, we will learn how to be and make disciples in the environments of the classroom, community, and city. You will learn how to apply the gospel to your own challenges and transfer the gospel to others in ways that are: *informed* by Scripture, *integrated* with everyday life, and *intentional* with people. Together, we'll learn how to make the gospel core to our lives.

**Class Dynamics**

- *Gospel-centered*: learn what makes "gospel-centered" discipleship distinct and how to apply the gospel to real issues in your life.
- *Actual Discipleship*: Pick someone to go through the class with to apply all you are learning. This can be a peer from Fight Club or someone you are mentoring.
- *Format*: a combination of instruction and dialog, including group process time.
- *Assignments*: Each class will have assignments to be completed in advance. Bring your questions to class, ready to learn in community.

**Reading: Pick One**

*Gospel-Centered Discipleship*, Jonathan Dodson or *Discipling: How to Help Others Follow Jesus*

**Course Overview:**

**February 11:** Jesus's Vision to Make Disciples (Intro & Ch 1)
